Gr. 4's na krokodilplaas

Toe ek die glibberige en nat vel van die krokodil gevoel het, terwyl ek hom vasgehou het, het ek vreeslik gegril. Dit was verskriklik gewees toe ek gesien het hoe hulle die viskoppe in flenters gekou het. (Beulah Kruger)

The Le Bonheur Crocodile outing was AWE-SOME!!! On 22 February we had the time of our lives. We went there with the Boys Primary School's grade 4's. We watched a movie about the Nile Crocodiles and even had the chance to hold a baby croc! There's a crocodile without a tail, called Lumpy. The farm was so clean and beautiful and there is a nice restaurant where we bought

nice things to eat and drink, while we were playing on the playground. Unfortunately we had to come back to school. Luckily teacher took lots of pictures. (Thyla Engelbrecht)

Mini-astro

U sou opgemerk het dat die werk aan die mini-astro begin het en ons is baie opgewonde daarvoor. Ongelukkig gaan dit gepaard met ongerief vir 'n klomp partye. Vir u as ouers, omdat die probleem met verkeer nou nog erger is; vir die leerders, aangesien die hokkie/atletiekveld vir 'n paar weke nie gebruik kan word nie. Ek vra om verskoning daarvoor, maar soos u self weet gaan enige aanbouing, selfs aan 'n mens se huis, maar gepaard met ongerief.

One of the changes is that the piece of land on your left, as you drive through the school gate, will be made into a mini hockey field for our foundation phase learners. The development of this piece of land will really add value to our school grounds, as it was only used for parking in the past and was quite unsightly. Our learners will now be able to play on the grass, it can still be used for parking and it will look much better. In order to have optimal use of this piece of land we had to remove some of the trees, which of course is quite sad.

Ons sal graag 'n paar kleiner bome teen die heining wil plant en dan 'n paar groter wit stinkhoutbome, net soos u inkom links vir skaduwee. Indien u dus bereid is om 'n boom te skenk aan die skool kan u my gerus kontak. Ons sal 'n plaatjie met u dogter se naam daarop aanbring. Indien sy dus na 20 jaar weer die skool besoek as "Old girl" – kan sy haar boom besoek.

Thank you for your understanding and also for the goodwill of our parents – that is the reason we can go from strength to strength.

Die jare van maksimale intellektuele aktiwiteit lê ongetwyfeld tussen die ouderdomme van 6 en 18. Op 6 ken ons al die vrae en op 18 ken ons al die antwoorde! En daarna...????
